It is true that *we cannot do all the good that needs to be done, but each one of us can do some good and makes this world a better place!* Amid the pandemic, being a health care organization, we have tried to help the community to the best of our ability.

Switch India is a Healthcare organization run by medical and paramedical students and personnel from across the country, with a common goal: to take modern medicine deep into the interiors of the country and do our bit in making healthcare more accessible and to all sections of the population.

We hope that we never really stop working for our society and while we continue to work against this pandemic, we can summarise the work done from March 2020 to March 2021 in the following manner :

OUR ACTIVITIES :

1. Distribution of immunity booster medicines (Arsenic Album 30 – approved by the Ministry of Health under the Ayush Guidelines).
2. Distribution of masks (cloth masks, surgical masks and waterproof masks).
3. Distribution of Sanitizers (cans, bottles with sanitizer stands, bottles with pedal operated stands).
4. Distribution of Mats (waterproof, easily sanitized, light weight, durable)
5. Distribution of personal protective equipment.
6. Healthcare camps along with Covid Screening.
7. Blood Donation Drive in Chennai.
8. Online Awareness and Mental Health Programs
 - a. Covid resource with authentic and verified information on the website
 - b. Covid ChatBot on Facebook and Website
 - c. Awareness posts on Social Media regarding latest updates and FAQs
 - d. 20 Days challenge for Happy Living to help battling with lockdown
 - e. Lockdown Learning Resource on Website
 - f. Fitness Challenges
9. Confidential, anonymous, multilingual, free email support to clients approaching us on inside out dealing with mental health issues.

OUR STATS :
